**Appeal Case No. 4999 of 2023**

-2-

5. As the information demanded through RTI request relates with different PIOs and a person seeking information has to apply to the concerned public authority as per under-section 6(1)(a) of the RTI Act. Appellant may note that there is a clear mention in the orders of former CIC in CC: 05 of 2010 which is reproduced as under:-

*"that this obligation under Section 6 of the Act is to transfer the application to 'that other public authority' and not to public 'authorities'. The expression used in Section 6 is 'authority' and not 'authorities'. Simply put, the PIO is expected to transfer a request which does not relate to him but has nevertheless been received by him, one identifiable authority. He is not expected to transfer such a request if information is held by many or a number of authorities. The rationale is that a PIO is not a post office or a coordinator for forwarding requests from information seekers to various departments. Legislature has merely facilitated the information seekers by empowering PIO who inadvertently receives request pertaining to another PIO to forward it to the concerned PIO".*

6. Accordingly, the appellant is advised to file a fresh RTI application to the respondent PIO concerned for required information.

7. With this, the case is announced as **disposed of and closed.**

Copies of the orders be sent to the parties.
